Preface

Preface

The purpose of this booklet is to briefly document and have a glimpse of the man of the moment Hon. Yakubu Moh'd. Esheti

Member representing Katcha Constituency in Niger State House of Assembly, Minna. A Man whose reputation, generosity, Modesty, humility and Patriotism cut across all boundaries of Human endeavor. An astute progressive and indefatigable administrator, a philanthropist to the Core and above all a business Executive Chairman, **ZAIMMOH INVESTMENT LTD.**

And chief Executive **ELEMENT AUTO MOBILE AND TRANSPORT COMPANY.**

This write up, will enable you to see the man in the following ways; political campaign, Constituency project ,Scholarship scheme, over sight functions and service to humanity respectively. In addition as one who everybody recognizes as a team worker and a leader who sacrifices his tody for a better tomorrow.

Hon. Yakubu Moh'd Esheti is well focused, endured and gives hope to the hopeless. He does not discriminate on the basis of race, tribe or religion.

In the words of George Washington, "with a reputation, you can do anything without one nothing" this suggest reputation as one of our most important qualities that ought to be guarded jealously. By implication if we are to manage an organization we most then manage our corporate reputation well. It has been against this backdrop that good people of Katcha local Gov't Area Voted the young and gentle YAKUBU to represent them in the State Assembly. His activities can better be imagined.

He was born to the family of renown Islamic scholar late Imam Mahmud Memefu in 70s. He began his early education with Arabic School and later he was enrolled into Esheti L.E.A. Primary school and finished in 1984 proceeded to GSS Minna and graped his SS Certificate in 1991 he got admitted to Nuhu Bamali Polytechnic Zaria for his Diploma and later Higher Diploma in Estate Management.

Before his Diploma he was a staff of FCDA.

He has Diploma in Business Admin from Obafemi Awolowo University Ilfe, he contested chairmanship of Katcha Local Government under the platform of UNPP which he lost.

In 2007 he contested again and won the seat of a member, Niger State House of Assembly representing Katcha Constituency under the platform of (PDP) he is married to 2 Wives and five children his Hobbies includes traveling, reading and meeting people. His is a seasoned business tycoon with sky high experience and the prove of integrity at both national and international level. A man with Knowledge in the art of management

which is a tool that has earned him an upright to enviable position in the society, such that his share of experience is highly sought after at eminent quarters to achieve set goal and objective. In all areas of human endeavour, honesty, dedication, transparency and accessibility social factors that are inevitable for progressive results. Beyond any reasonable doubt **Hon. Yakubu Moh'd Esheti** is an embodiment of these and more unique qualities which are indeed in-built traits of him and through which he has over the years acquired for himself the trust and confidence of all who have come in contact with him.

Furthermore, he is a man of reliable Principles with compassionate attitude towards the less joined with his humble disposition in both public and private dealings. The attributes that have earned him continuous popularity in places that mater there by soaring his high profile within and without. Indeed **Hon. Yakubu Moh'd Esheti** is an asset to Katcha Local Government and Niger State. He acquired all it takes to represent his people in a democratic dispensation.

If there is anytime we need him, is now just as the former head of state of blessed memory: **General Murtala Ramat Moh'd** once said and hence quoted "For so long have paid lip service to the idea of remolding our society, now is the time to re think, to reflect and to act" Good people of Katcha Local Government and indeed Niger State have exercised along while observing the scenes on display in the State and our beloved Nation and the politics there in even to the present dispensation with nostalgia and with every senses of reasoning and responsibilities.

We therefore must rise up to our responsibility in order to raise our DEAR State to a matchless height through unprecedented progressive developments compared to the time of history. Not with standing the fact that his portfolio is a law making one, the game of politics have it that the fundamental responsibility of any law-maker is to legislate in favour of polices, projects and developments that will bring about radical changes in the living Standard of people and the society at large.

Political Campaign & Constituency TOUR

For good people of Katcha/Badeggi Local Govt Area then said enough is enough. It is no more time to remain asleep, it is no more time to maintain mediocrity, it is no time to maintain poverty and ignorance and it is no more time to maintain hatred and disunity. More so it is no time to maintain injustice and cheating. They all arise for a change, a positive change indeed.

They have seen with critical eyes that for their constituency to develop and thrive the representative of them must be a viable personality and an individual of credible status i.e believable convincing and trust worthy... but such individuals are difficult to identify and are not lacking in their constituency.

After a long while observation and raft thinking, and as an opinion seeker having gone through the hectic miles of consultations with individuals and Associations that matter the young YAKUBU MOH'D found the majority submitted himself

Delivering on Promises

The Hon. Yakubu Example

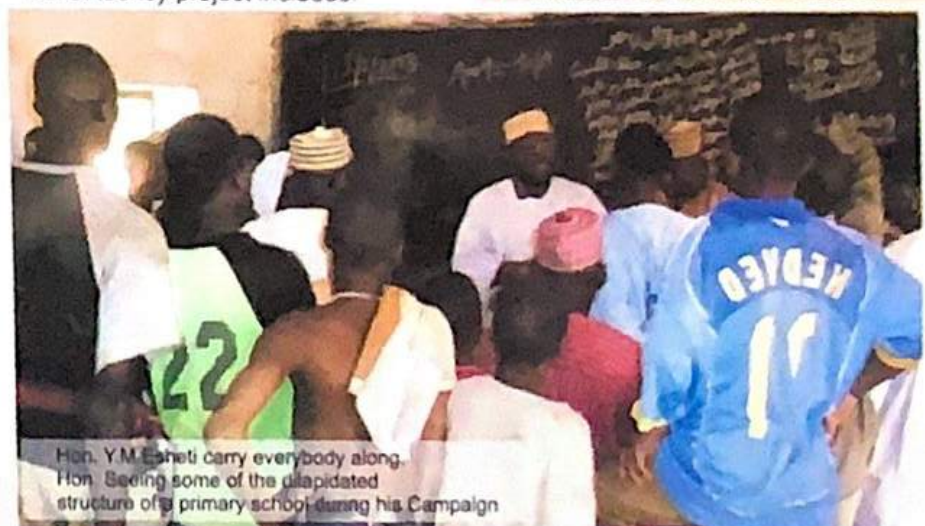

Hon. Y.M. Esheti took Democracy to the grassroots

Governance can be good or bad. Bad Governance is irresponsible, corrupt and crude process of management of public affairs. Good governance on the other hand is a process of management of public affairs across all tiers of government, which is seen to be responsible and responsive to the basic needs and aspiration of the people.

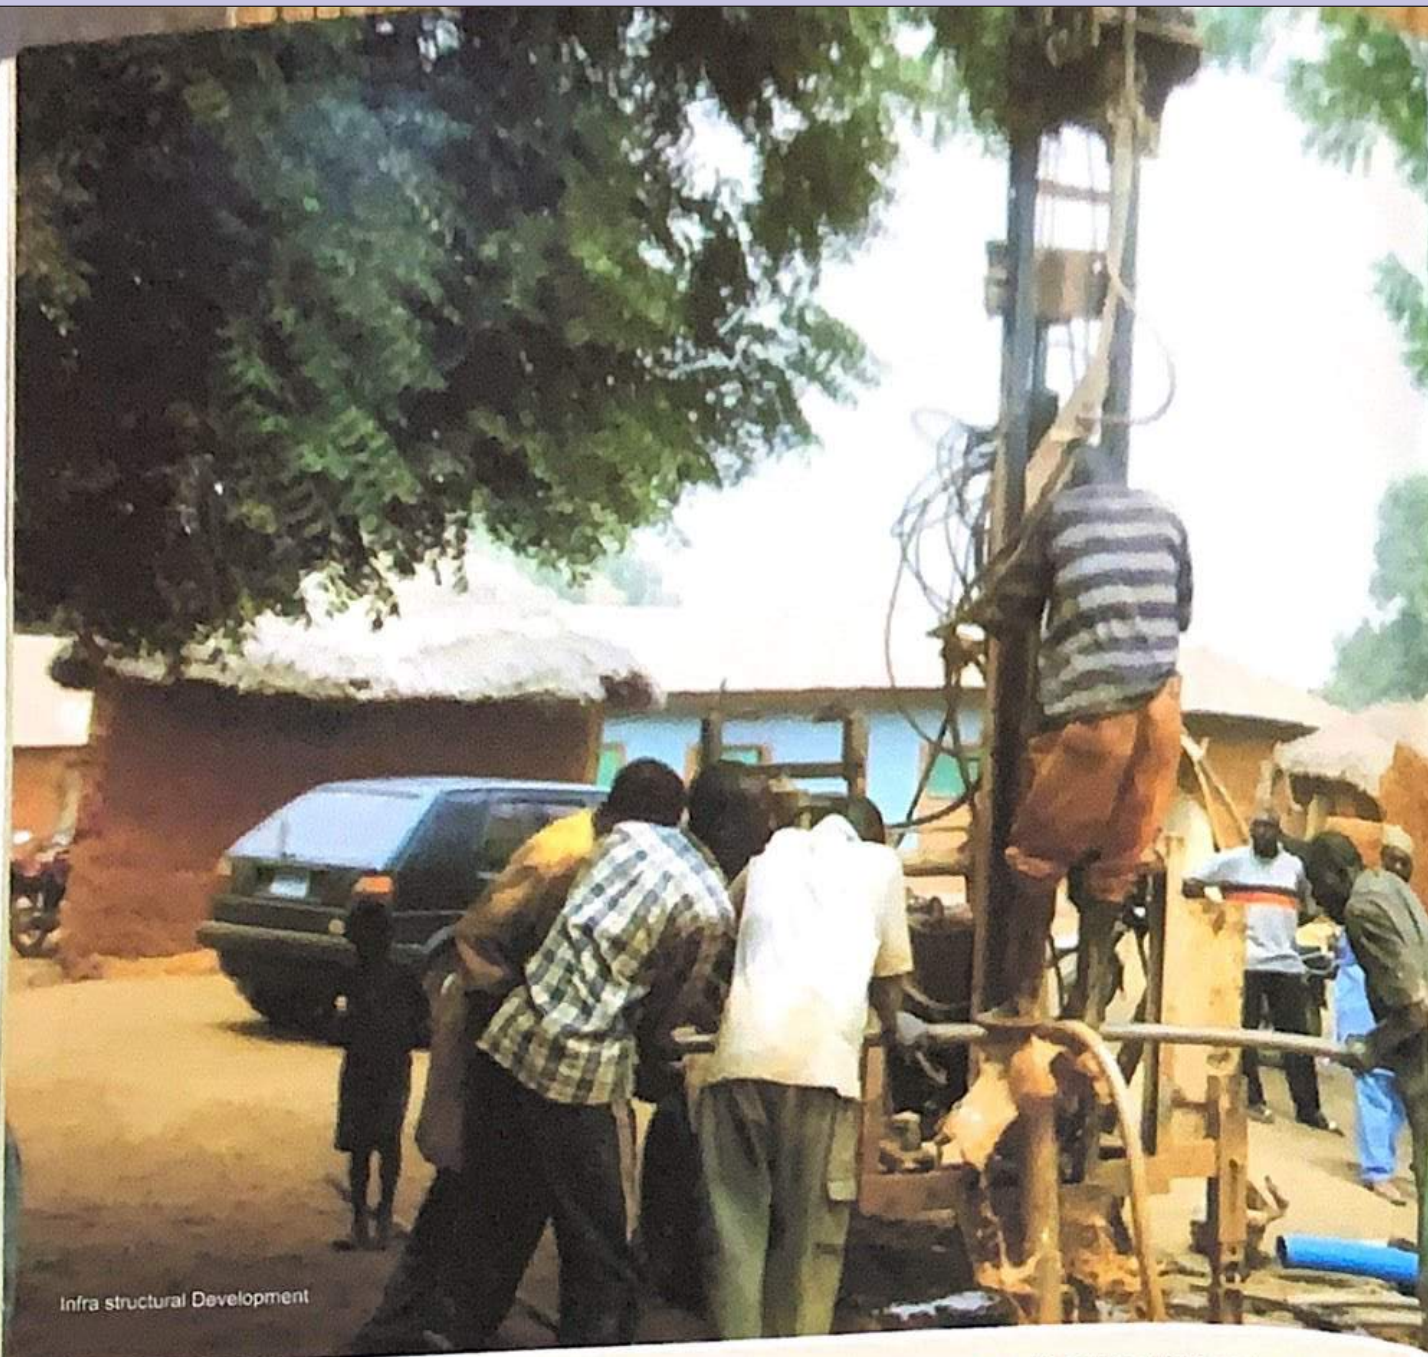

Month after Hon Yakubu Moh'd Esheti's election as member NGHA katcha constituency have been witnessing a tremendous development. Most often than not when any leader in Government make promises to satisfy the desire of his people, is for that leader to embark on capital projects that will touches the life of the people. When the gap between what the leader promises and his people's

experiences is wide, that gap can become a source of irritation and resistance to the people. Some of Hon Yakubu Muh'd Esheti's constituency project includes:

- 3 Basic capital projects at badeggi
- 1 Basic clinic at kakakpangi
- 3 Blocks of class room at Dibo

The advent of Dr Mu'azu Babangida Aliyu oon ,TALBAN MINNA as chief Servant of Niger State. The state saw to the birth of a wide range of necessities. The imperative to build new Niger State within the time frame of his administration by ensuring that action is duly taken to commence and conclude new project on its work list, TALBA'S Administration has been able to revive and a raise much fainted public confidence in the state. Also very helpful in his regard has been the culture of quick response and timely conclusion of work on damaged infrastructure.

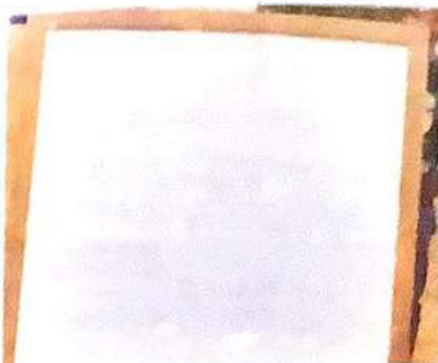

This Hon Yakubu Moh'd Esheti Member representing Katcha constituency in Niger state house of assembly said "it makes no sense to raise a people's egg of hopes and smash it on the hard ground of disappointment" it is wicked if promises are meant to be kept where they are compromised, their makers tend to be seen in the same night as villains. Hon Yakubu Moh'd Esheti holds its promises close to his heart. He cherishes them like a responsible mother cares for her baby. Once a promise is born, the proper sequel is to work to grow it into a visible reality one that will stand as an enduring proof of vision, dedication and care. As time rolls on more promises made by Hon. Yakubu Moh'd Esheti will find fulfilment within the sprawling precinct of Niger State. And this is certainly one big promise that thrives beyond compromise!

I wish to begin by expressing my appreciation for the opportunity given to me to address this distinguished audience. it is my pleasure to say this foundation laying ceremony of a township clinic named after my wife Hajia Jummai Babangida Aliyu is first of it kind in the history of constituency projects carried out by Hon member. Katcha Local Govt. is indeed lucky to have a representative like Hon. **Yakubu Moh'd Esheti**. I am as well happy to have him in the legislative setting (MPS) of my administration. We are resolute in making Niger state a prosperous place for our people to live in happiness and security and we shall leave no one in doubt about our determination to succeed.

We shall be guided constantly by our manifesto, and our credo, which stipulates:

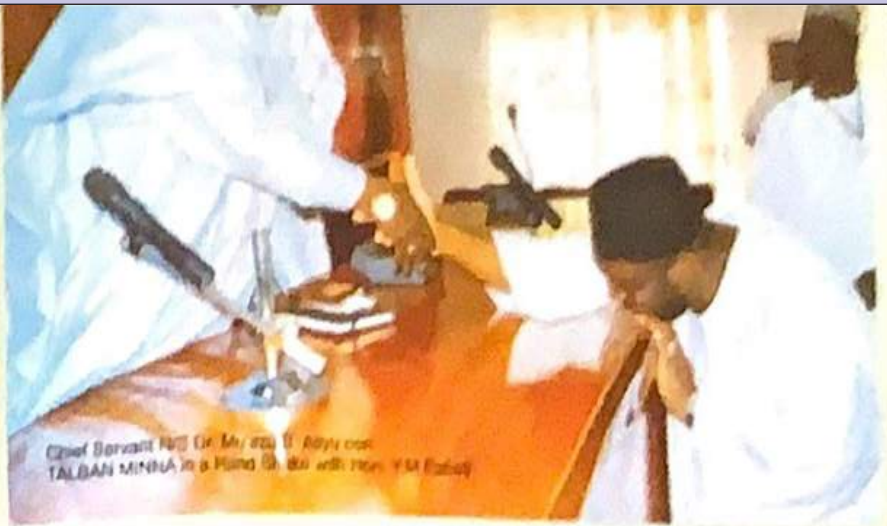

In the making is a state of brilliance that is progressive and modernized with vision and initiatives in developmental strategies. Niger State will prosper economically, socio-politically and culturally. We will as a family have a harmony and respect our differences by always putting our states needs ahead of personal interests. We may be different in so many ways, but the secret to our success is buried in our diversity. we have enough knowledge, perspectives and alternatives to always draw from. The duty of legislature as a law-maker, is to legislate in favour of policies, projects and developments that will bring about positive changes to the people.

Hon Yakubu Moh'd Esheti has prepared a tool for progressive development. By and large his, contributions both at national and international levels have been much meaning both to the men at the peak of leadership positions and the common man. The man that has affected lives in several dimensions. The vision and mission of present Gov't of Niger State is to transform it civil service for better. In the light of

this **Hon. Yakubu Moh'd Esheti** the House Committee on labour and productivity chairman in the State Assembly motivated Niger State Government to act.

There are some of the hard evidences that often prove the general populace of Nigerlites right in them many times doubtful opinion of promises made by their leaders.

Health

The alarming Statistics on maternal mortality in Katcha Local Gov't area and Accident victims along Bida - Kateregi - Minna road is Serious. This indeed bring the discussion of having a befitting Township Clinic at Badeggi and a Health center at Kakakpangi, by **Hon. Yakubu Moh'd Esheti**.

Placing this in proper perspective, because the figures in our public hospital or General Hospital is far fetch. This is not necessarily due to the inadequacies of the hospital, Majority of the deaths are in women who are not primarily cared for by the hospital and only came for treatment when they were close to death's door and it was virtually too late to save them.

However, they are women that could have been saved if they had received the appropriate care early enough.

When accident occurred it's inevitable, as a result of this rampad deaths situation is fore seen. "Delay they say is Dangerous" Hon. Yakubu Moh' Esheti's care for people brought about having ETSU YAHAYA ABBAKAR HEALTH CENTRE at Kakakpangi and fully equipped "Medically" MOBILE CLINIC, Mercedes Benz with a Doctor and Staff Nurse to shuttle and serve Minna - Kateregi -Bida - Road in case of any eventualities.

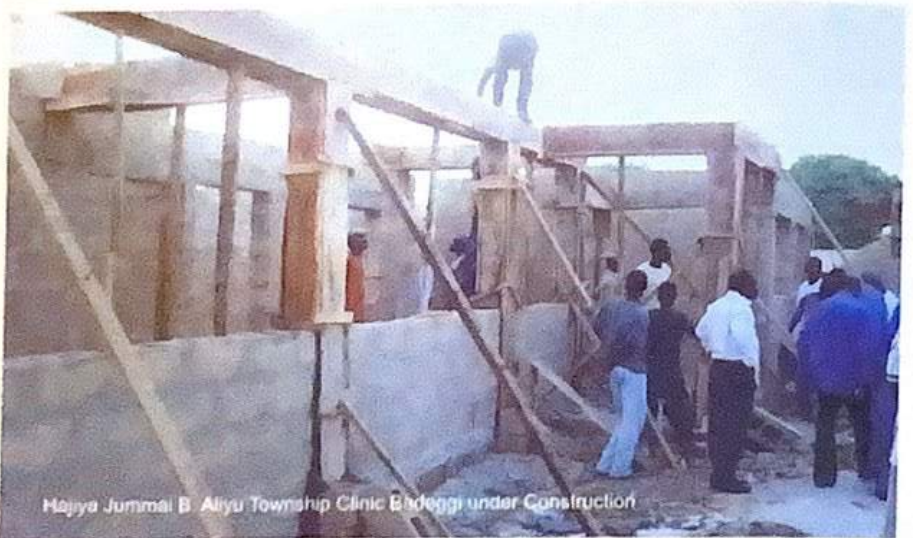

There are types of delay that lead to death:

(TYPE 1) Delay in seeking health care. (TYPE 2) Delay in getting to a health care center And (TYPE 3) Delay in getting to an appropriate care at the center. TYPE 1 and 2 delays occur before the victim gets to hospital, Type 3 delay is what leads to death within hospitals, if indeed the patient arrives on time. As a result of these deaths and serious ailments also caused by childbirth and accident victims, **Hon. Yakubu Moh'd Esheti** intervene through his service to humanity.

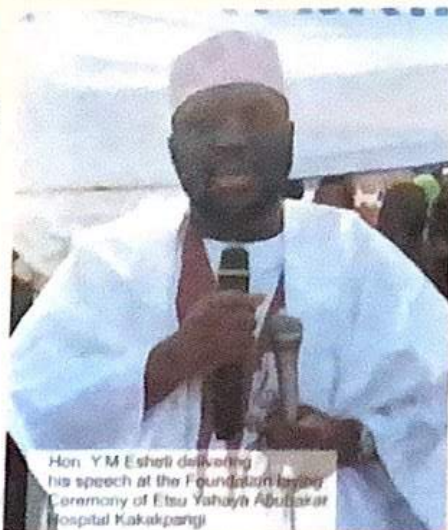

One of the most important strategies known to have the capacity to reduce maternal mortality and morbidity significantly is appropriate and effective emergency obstetric care (EMOC). Emoc is currently being recommended by most of the international agencies including

To WHOM MUCH IS GIVEN:... MUCH IS EXPECTED

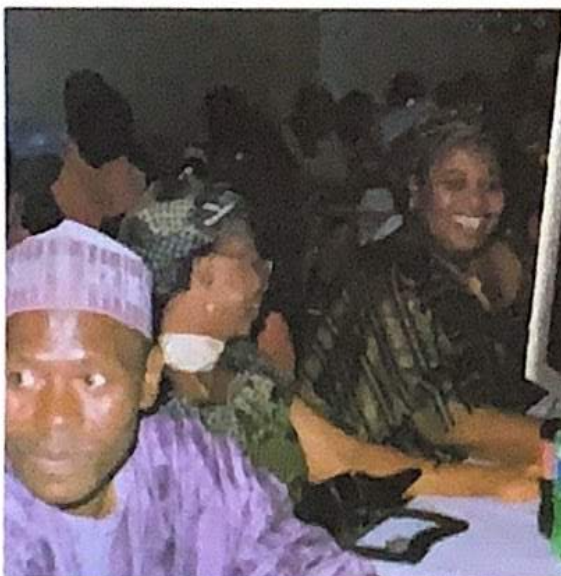

On the 5th July, 2008 Saturday to be precisely at Shiroro Hotel Minna, National Association of Niger State students (NANISS) National Headquarters honoured some illustrious personalities of Niger State at the award nights. As young and focus legislature **Hon Yakubu Moh'd Esheti** was Honoured and awarded as the most outstanding legislature of the year 2008 in Niger State. It is not gain saying therefore, to say **Hon. Yakubu Moh'd Esheti** "GARKUWAN MATASA" as he is popularly call can easily brace up to Yearnings and aspirations of his people, beside the fact that his voice

is of those to reckoned with and is voice of the people. He is a man who delects ignorance / illitracy which he has manifested by established a foundation scheme "HON. YAKUBU MOH'D ESHETI SCHOLARSHIP

variety is the very spice of time which by implication, means there is no dormant time otherwise there would not have been history.

Times are usually full of activities that makes changes to occur through the lessons learnt at a particular time. Never the less, right from time in memorial, individuals have been instrumental to changes that occur in any society at a time. For example Michael Faraday discovered in his days "Electricity which is a great development that the world appreciate till today." This and many more examples have convinced us of the fact that the entire world is a dynamic society. The dynamic nature of the world is only established by the activities of men and women of vision and focus, men and women who would not be contented with their individual status nor the status of their immediate or far away society.

SPORT in an integral component of development of any society. It is one weapon that serves well in the elimination of poverty and crime reduction. Himself a sportsman **Hon. Yakubu Moh'd Esheti** had as part of his campaign promises, promised to turn sports into veritable tool to transform the society. He gave sport material such as jerseys and football to each ward in Katcha local Govt.

He sponsored a football competition at Kataregi and Bisanti ward of Katcha local Govt and plan is on the way to engage all the ward in his constituency in football fiesta.

YESTERDAY AND TOMORROW

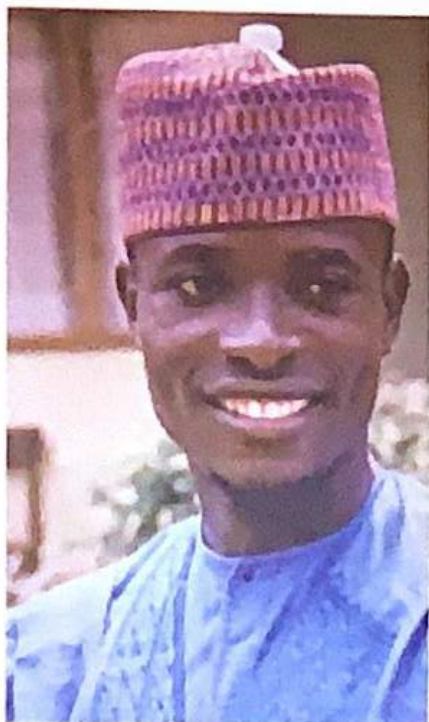

There are two day in our lifes about which we shouldn't worry, two days which should be kept free from year and apprehension one of these days is yesterday, with all it mistakes and cares, its fault and blunder, its aches and pains yesterday has passed forever beyond on control. All the money in the world cannot bring it back. we cannot undo a single action performed and cannot erase single world we said. it is forever gone.

The other day we shouldn't worry about is tomorrow, will all its possible adversities, its burdens, its large promises and its poor performance

tomorrow is almost beyond our immediate control. tomorrow's sun" rise either in splendor or behind the mask of cloud, but it will rise until it does we have no stake in tomorrow for its yet to be born.

This leaves only one day, today, any person can fight the battle of just one day, it is when you and I add the budded and awful experience of yesterday and tomorrow that we break down.

It is not the experience of today that drives a person mad it is the remorse and bitterness of some thing that happened yesterday and the dread of what tomorrow may bring. let us therefor, live but one day at a time.

THIS IS ABOUT LEADERSHIP

It has been a great privilege for me over the past several years to mix and mingle with many men and women in the numerous areas of society who are leader. It has always been a fascination as I observe their lives to see just why people would want to follow their leadership.

If ever there was a time in history when we should be studying the principle of leadership it is now world wide we are facing a leadership crisis.

The great need of the hour is for positive, constructive, dynamic, creative and effective leadership.

When viewed from distance, leadership looks so easy. True leaders know only too well that their skills and abilities were developed over an extended period of time.

LEADERSHIP is an awesome responsibility. I have endeavored in this book to get rid of fuzzy thinking about leadership.

There are few principles that I believe will see your effectiveness as a leader. I trust that they will help you to rise to your full potential.

Note that they are principles. You will have to take time to develop your own steps of action whether or not you lead many or just few.

Be the leader you were meant to be. Be yourself, but be your best self. Dream your dreams, get your pen and paper to develop your plan of action to achieve your goals. Have the courage to act on your ideas despite the possibility of pains, tears and failure. There are risks involved when you say yes to life and decide to reach for goals that you never dreamed possible.

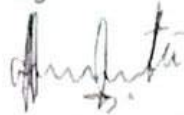

There never will be another one just like you. You are so unique. And because you are so unique you can develop those special talents and abilities you have to fulfill your purpose and destiny.

No matter what happens in this world there will be room at the top and there will always be room for the pioneer.

"Become the leader you were meant to be!"
